

## Imagine this

**For anyone who doesn't understand slavery,  
Imagine this:**

You are a family of four.

A group of men enter your family home and take you all.

Then they split you and your wife from your two children.

Then, on top of that, they split you from your wife!

Then, on top of that, they split your two children from each other.

Then, on top of that, they sell each and every one of you.

Then, on top of that, if you're still alive, they expect you to work HARD!

Then, on top of that, if you don't work, act or behave in a manner that suits, you are whipped, beaten or killed!

*Imagine all this happening to your family and then consider your opinion to racism and the residual damage of slavery, and why Black Lives Matter.*
